

PROVA 1

1. Delineare brevemente un progetto di promozione dell'apertura di una nuova sezione della biblioteca (ad es. la sezione giovani adulti) anche tramite i nuovi media.
2. Illustrare brevemente come declinare l'organizzazione dei servizi e degli spazi di una biblioteca pubblica all'interno di un edificio *open space*.
3. Tradurre dall'inglese il seguente brano:

Some hours before dawn Henry Perowne, a neurosurgeon, wakes to find himself already in motion, pushing back the covers from a sitting position, and then rising to his feet. It's not clear to him when exactly he became conscious, nor does it seem relevant. He's never done such a thing before, but he isn't alarmed or even faintly surprised, for the movement is easy, and pleasurable in his limbs, and his back and legs feel unusually strong. He stands there, naked by the bed - he always sleeps naked - feeling his full height, aware of his wife's patient breathing and of the wintry bedroom air on his skin. That too is a pleasurable sensation.
